Abstract

Corona is a demon and it has changed our lives. Corona 19 was reported from Wuhan in late December 2019 it was declared a pandemic by the who on 11th March 2020. Disease Corona brought a major change in the society. It left millions of children orphan. We have lost many frontline workers and doctors. It was a curse to the human kind. People believe that epidemics and pandemic come after every hundred years. It continues for five years.

Keywords- covid-19, on line learning, research, e-content,

Corona has a great impact on higher education as well . Due to covid-19 our generation is forced to study online. Online education has its own advantages and disadvantages. Online higher education was a substitute of offline higher education. Students start indulging in other activities in online studies. Students get less knowledge in online studies. Offline higher education gives more exposure two students is forest technical higher education is concerned. We have observed that students studying abroad in Ukraine Russia , China and Philippines studied online medical education during Corona pandemic. Students who got admission in China did not get much recognition who studied medical higher

PANDEMIC EFFECTS ON HEALTH, SOCIETY, ENVIRONMENT & ECONOMY

digital competencies for digital learning. Provide accessible and user friendly counselling and guidance for students so is to find suitable solutions for academy health and career challenges.

Provide interactive support to professors and pupils. Adapt assessment and grading to online teaching and learning. Government must develop e content accessible to the students. E- Contents must be prepared by professors, academicians and experts. Higher education institutes must provide technology training to teaching staff.
